Can't believe how selfish this person is. This is a tragedy to women.

Imagine having a daughter train all her life for this moment, then realise she has to compete against a man. The dream would be crushed.

In weightlifting, tendons and bone strength play a huge factor in your success, not just muscle mass. Hormones might reduce muscle mass by 13% after years of treatment (which is still not at women's levels), but it won't change tendons and bones. Hubbard spent 35 years as a biological man. This isn't fair.

If a competitor says anything, she will be labelled as transphobic. Great job world.

This is excellent news for me. I'm a 42 yr old who identifies as a 12 year old and now I'm off to become the world junior wrestling champion.

Her: "Is it fair?... We don't know, we still need a lot more data."
Me: Then why are you still letting him compete?!!

There is an easy solution to this: create a league for just trans. 4 leagues total. Men with Men, women with women, transmen with transmen, transwomen with transwomen. No cross over.

This is actually worse than doping, given its effect on performance. Crazy.

Imagine your daughter training her whole life to be weightlifter, making the Olympic team in hopes of winning a medal, just to find out she's up against a man.

If he wants to be a woman, he really should be taking competitor's feelings into consideration and bow out of sport. Choose something else that doesn't destroy other's hopes and dreams.

It's not complicated in the least. This is ridiculously unfair, and Hubbard demonstrates his poor character by even competing.

If this continues... Every country will choose their MTF athletes and women will become a chart filler in their own sport. This world has traded their common sense for political appeasement.

"If you call a dog's tail a leg, how many legs does it have?" "Four, because calling a tail a leg doesn't make it one". You can get away with a lot by changing the definition of something, but changing definitions won't change reality.

forget about him winning or losing....the precedent set is one that now says female athletes may not be able to compete in fair competition because of feelings. this is an absolute travesty, a disgrace and a huge slap in the face to all women who train their whole lives to compete in the olympics, the greatest athletic stage we have.
